AVAILABLE FOR LEASE 2750 TECHNOLOGY FOREST BOULEVARD

The Black Forest Technology Park

Originally built less than 10 years ago as a corporate HQ, this facility nurtures a holistic atmosphere ideal for single tenants to coalesce their teams and promote community in their workplace. While its two-story stature renders 2750 Technology Forest Boulevard a Class B building officially, its spec development left it with all the bells and whistles to produce a Class A experience. Along with the sleek finishes and modern outfit, the building features well-oriented private offices, state-of-the-art training and conference rooms, electronic access, and an expansive cafeteria. There is also an abundance of parking spaces and tenants needing loading capabilities have access to a shallow bay, but regardless of need, the management team will spare no expense to ensure all users are taken care of.

The Black Forest Technology Park is surrounded by The Woodlands' top power centers like Research Forest Lakeside, but none can boast a landlord with such intimate local knowledge as Black Forest Ventures and many partners have a personal interest in the park as it is essentially in their backyard. Tenants will be able to see why they have become enamored with The Woodlands first-hand with a central location connected to premier area amenities. In just a short walk, employees can get their morning coffee at Black Walnut Café, grab a bite at Hopdoddy Burger Bar, and fit in a workout at VillaSport Athletic Club and Spa. Area hotspots like Hughes Landing, The Woodlands Mall, Market Street, and The Cynthia Woods Mitchell Pavilion are all less than 10 minutes away by car as well. Step into the heart of this vibrant community and discover why The Woodlands is the preferred destination for hundreds of high-class businesses and residents alike.
